No. 7

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1939

THE Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C", Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; and Class "F", Maps, arranged alphabetically by the subject word of each title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages; "C", Class C, Lectures, sermons, addresses, prepared for oral delivery; and "F", Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

NEW SERIES, VOLUME 36

No. 8

THE Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C", Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; and Class "F", Maps, arranged alphabetically by the subject word of each title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages; "C", Class C, Lectures, sermons, addresses, prepared for oral delivery; and "F", Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1939, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

No. 9

THE Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C", Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; and Class "F", Maps, arranged alphabetically by the subject word of each title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages; "C", Class C, Lectures, sermons, addresses, prepared for oral delivery; and "F", Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1939, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON: 1939

THE Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C", Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; and Class "F", Maps, arranged alphabetically by the subject word of each title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages; "C", Class C, Lectures, sermons, addresses, prepared for oral delivery; and "F", Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1939, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

GOVERNMENT PRINTING OFFICE
WASHINGTON: 1939

THE Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C", Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; and Class "F", Maps, arranged alphabetically by the subject word of each title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A", Class A, Books; "A for.", Foreign books in foreign languages; "C", Class C, Lectures, sermons, addresses, prepared for oral delivery; and "F", Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration".

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1939, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:
